

Easily Disconnect-reconnect From Broadband

//////////*1000+ HACKING TRICKS & TUTORIALS - ebook By Mukesh Bhardwaj Blogger - Paid Version - only @
TekGyd | itechhacks | Mukeshtricks4u*////////

it's pretty easy.. this is for ppl who dont know how to do this already..

makes it just as easy to disconnect and reconnect on broadband as it is on dialup.

simply open up network connections, and drag your connection to your quicklaunch / desktop wherever.
