Great Tip For Mp3 Searching On Google,

go to google copy and paste in

?intitle:index.of? mp3

and after mp3 put in an artist or album or whatever and hit enter... what you get is lists of downloadable mp3s

eg:

?intitle:index.of? mp3 santana

Another trick:

Use the following

inurl:microsoft filetype:iso

You can change the string to whatever you want, ex. microsoft to adobe, iso to zip etc...

Another trick:

[http://www.google.com/ie?q=parent-directory+"Warez"+exe+OR+zip+OR+rar+OR+gzip+OR+tar+OR+bzip&num=100](http://www.google.com/ie?q=parent-directory+)

Replace "Warez" with "Gamez" "Mp3" anything you like....
