Hello Friends....
Today I am Gonna Show You "How to Make Icon for Shutdown or Restart You Computer"
So Follow the Step
1) Right Click on Desktop then Go to New > Shortcut
2) Now new Window Will Popup
3) In that Write the Following Command
shutdown -s -t 3
Here 3 is Second to Shutdown Your Computer...You can Change (I like to Put 0)
Now press Next
and Give Name Shutdown or Whatever You Wanna
For Restart Type following Code
shutdown -r -t 3
Now press Next and Rename
Now You will get New Shortcut on Desktop
Change that Shortcut icon and Enjoy.....
